

Agency Oversight Group

Charge

To provide logistical support, as needed to the Citizens Advisory Committee (CAC), Biological Advisory Team (BAT), and ultimately the Southern Edwards Plateau Regional Habitat Conservation Plan (SEP-HCP) applicants, in order to meet deadlines, stay on budget, and provide a framework within which to facilitate communication between regulatory agencies and the Grant applicants. The AOG is not a decision-making body and will not deliberate on Plan decisions, development of, or implementation of the Regional Habitat Conservation Plan.
