

CHARGE TO THE SEP-HCP BAT

The Biological Advisory Team (BAT) for the Southern Edwards Plateau Habitat Conservation Plan (SEP-HCP) is charged with the following tasks:

- Provide input to the plan participants, including the Citizens' Advisory Committee (CAC), on biological matters in connection with the development of the SEP-HCP, including critical reviews of any aspect of the SEP-HCP directly or indirectly affecting the biological integrity of the plan.
- As required by Chapter 83 of the Texas Parks and Wildlife Code (83.015c), the BAT will also assist in the:
 - calculation of harm to the endangered species, and
 - the sizing and configuring of the habitat preserves.
- Comments and recommendations from the BAT will be based on the best available science.
