

CAC and BAT Recommendations for SEP-HCP Plan Duration and Permit Term

On June 18, 2010 the BAT approved the following statement for CAC consideration:

The decision on permit duration is not a biological issue. That said, the BAT does not object to a 30-year duration.

The CAC voted on July 12, 2010 to recommend a 30-year duration for the SEP-HCP and the associated incidental take permit.
